

MAKE A MINI ZINE (JUST LIKE THIS ONE!!)

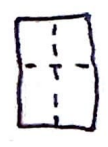

How to!

made by MAIRA @lngnrmstplr for DAY AREA QUEER ZINE FEST @BAQZF ♡ June 2024

1. Fold a piece of paper HAMBURGER style (short end to short end)

3. Unfold your piece of paper completely

4. Fold each short end in to meet the middle crease

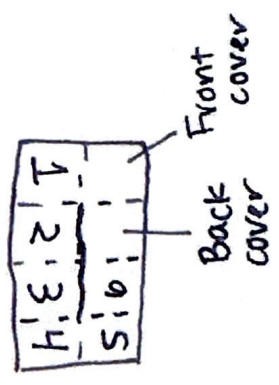

5. Unfold completely again, then fold HAMBURGER style (again!)

6. On the folded edge, cut up the middle line, just to the center point

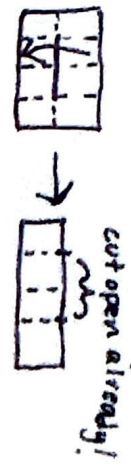

The page order can look like this:

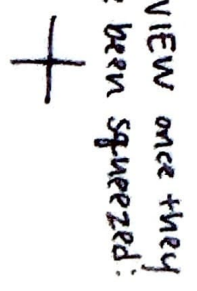

*pro tip: it's easier to make lots of copies BY you make the center cut!!

7. unfold all the way, then fold HOT DOG style (long end to long end)

8. Squeeze the ends in toward each other like an ACCORDION

9. Fold your zine pages down, however the paper feels best. Press your creases super well!

you folded a mini zine! now what to put in it?
